

**ASHE NORTH-CENTRAL NJ SECTION
PRESENTS:**

GSP Shoulder Widening, MP 30-35, Atlantic County

Presented by:

**Sima Jasani, PE, New Jersey Turnpike Authority – Project Liaison
Dave Nemeth, PE, Gannett Fleming – Deputy Project Manager
Sophia Chung, PE, Gannett Fleming – Structural Engineer
Scott V. Plant, PE, KS Engineers – Resident Engineer**

A team led by Gannett Fleming worked with the New Jersey Turnpike Authority (NJTA) to provide an accelerated final design to widen the northbound and southbound left and right shoulders of the Garden State Parkway for this last 5-mile stretch of the 30 to 80 Widening Program. Milepost 30 to 35 project improvements also include reconstructing 8 mainline bridges, constructing stormwater management facilities, slope stabilization, and utility relocations. Topics to be discussed include how Gannett Fleming navigated various challenges, including designing within previously permitted limit of disturbance, streamlining an accelerated final design, and maintaining two lanes of traffic in each direction throughout construction, as well as providing construction updates and lessons learned.

DATE: Thursday, February 10, 2022

LOCATION: Virtual Meeting - REMO Conferencing (allows for virtual networking session before presentation – see “**NEW REMO USERS**” section below)
